## TÜBERKÜLOZ ve TORAKS

### AUTHOR CONTRIBUTION FORM

Manuscript No: .....

Title of the Manuscript: .....

To be an author, a person must have made substantive contributions to the study by fulfilling at least 3 of the criteria presented in the following table.

It is mandatory for all authors to prepare the outline of the manuscript or to intellectually review or criticize the content of the manuscript.

It is of all authors' responsibility to approve the final version of the article before publication.

Those who do not fulfil the specified number of contributions and conditions are to be mentioned in the final "Acknowledgements" section of the article.

The terms set forth herein have been arranged in accordance with the guidelines of the Council of Science Editors (CSE) and International Committee of Medical Journal Editors (ICMJE). For further details please see: <http://www.councilscienceeditors.org>

Type of Contribution	Description	Contributors
Conception/Design	Constructing an idea or hypothesis for research and/or manuscript. Planning methodology to reach the conclusion	
Analysis/Interpretation	Taking responsibility in logical interpretation and presentation of the results	
Data Acquisition	Taking responsibility in execution of the experiments, patient follow-up, data management and reporting	
Writing	Taking responsibility in the construction of the whole or body of the manuscript	
Revision and Correction	Reviewing the article before submission not only for spelling and grammar but also for its intellectual content	
Final Approval	Approving the final version of the manuscript
